HERPES SIMPLEX (INITIAL or PRIMARY)

General Prescription Comments
Closely monitor and reevaluate response. If response is inadequate, reevaluate diagnosis, medication choice, and dosage.

Sample Prescriptions
For additional information, see Acyclovir (Systemic) on page 73, Acyclovir (Topical) on page 81, Famciclovir on page 557, ValACYclovir on page 1316

Ingredient: Acyclovir (Topical)

HERPES SIMPLEX (RECURRENT)

General Prescription Comments
Therapy should be initiated at the first sign of any prodrome such as tingling, burning, or itching.

Cream and ointment tube sizes may vary based on availability. Refer to individual monograph or check with pharmacist for available sizes.

Sample Prescriptions
For additional information, see Acyclovir (Topical) on page 81, Docosanol on page 443, Famciclovir on page 557, Penciclovir on page 1060, ValACYclovir on page 1316

Rx:
Denavir topical cream 1%
Disp: 1.5 g tube
Sig: Apply locally as directed to lesion every 2 hours during waking hours (begin when prodromal symptoms first occur)
Ingredient: Penciclovir

Rx:
Famciclovir 500 mg tablets
Disp: 3 tablets
Sig: Take 3 tablets (1,500 mg) as a single dose; therapy should be initiated at the first sign of any prodrome such as tingling, burning, or itching

Note: Dispense in multiples of 3 so that patient has drug on hand for any recurrences; available as generic equivalent
